

Mikroskop Technik Rathenow

## Photo adaptation for *Zeiss - Primo Star*

### Adaptation for Digital Single Lens Reflex Cameras

The T2- photo adaption 1,6x  
is designed for the  
Primo Star trinocular tube.

Optimal suited for  
microphotography with digital  
single lens reflex cameras  
(D-SLR: APS-C 14,8 x 22,2mm)

Completely adjustable to maintain best  
image quality.
